EDITORIAL

As I am typing this in late July the sun is shining on a beautiful early Sunday morning and the church belis are ringing in the distance. Perhaps our English summer has finally arrived! (I should really be obeying the summons of those belis but.....)

How envious I was to read Alison Hutton's letter on a miserable morning in a very damp April. She wrote of "sitting under the apple tree in the garden on a hot, sparkling, summer's day and browsing through the articles in the Mecca News" at her home in Christchurch, New Zealand.

It made me realise just how widespread our Metcalfe family had become and how lucky we are to have a Society such as this to draw members of the clan a little closer together.

Plans are now well in hand for the annual Muster. It must be very frustrating for our overseas members to read of this splendid gathering and not be able to attend. To our UK members can I add my encouragement to those of Nina's to attend this meeting. The setting at Ripon is superb and the chance to meet others with similar interests and family connections unparalleled. This year the events on offer are greater than ever. Over and above those listed by Nina in her notes later in this issue a last minute addition is the chance to view a one hour video of the Yorkshire Dales of Wensleydale, Swaledale, Upper Wharfedale and Airedale. We have hired this video from the producers, Studio 21, and those attending will have the chance to order copies.

Reading through the various reports from officers and active helpers within the Society it becomes clear just how important the use of computers is becoming in family history circles. An interesting article in April's Journal of One-Name Studies describes how one member downloaded all the relevant records from the newly computerised IGI onto his own personal computer. I don't pretend to understand how this was done but, reading the enclosed item on "New Information Available to Members", it appears that our Society has already done this. We are indeed very fortunate in having members who DO understand not only the potential for computer use but also have the expertise and above all the commitment to give of their time to help us all in our researches. I must, at the risk of being boring, once again reinforce the requests made elsewhere in the News for help. There are a few members working extremely hard to help ALL of us. If you can at all please give a little of your time to help them.

As soon as this edition of the News is printed I'm going to spend a few days in Littondale, a beautiful but little known Yorkshire Dale where I hope to meet more Metcalfes. The last time I was there I met "J R" Metcalfe, now living in London but originally from Arkansas (I think!). He had never heard of our Society. As Denny Gibson writes elsewhere in the News, I wonder just how many more Metcalfes would welcome information about us? Let's all make the effort to spread the word!

STUART METCALFE JULY 1991

The Mecca News is the official journal of the Metcalfe Society. This is a family history society dedicated to encouraging research into the family name of Metcalfe in all its derivations. The Journal is distributed three times a year (August, January and April) and is free to members.

Annual subscriptions to the Society are:

UK membership £4.50

Overseas (Surface mail) £4.50 (Airmail) £5.50 Family membership is £1.00 extra in each category.

Thank you to those members (3) who responded to my plea for fresh ideas - they were good - but had already been tried. Now our 'Publicity Department' has taken over, see the separate item. Another new department is the Sales and Library which is also described later.

The St Catherine's House Index recording has had an injection of one more assistant so the work still progresses only slowly. Is this the best we can do out of over 325 members? Do give a little back to the Society and contact Sara Illingworth, address on the back page.

Covenant Forms are enclosed - ably master-minded by Mrs Val Metcalfe. We sincerely hope you will ALL try to join this scheme. If you have any doubts as to your eligibility or need any other assistance Val will be delighted to help. It is a great way to help our funds and if sufficient numbers join it may enable us to keep subscriptions at their present low rate for another year. I know we have a very healthy bank balance, this is due mainly to our gallant band of volunteer work-force who have helped by producing work and equipment at unrepeatable prices. Any day we may be called upon to pay out full COMMERCIAL rates for our various services - if that happens we shall need every penny.

Our St Catherine's House Visitor Linda Meaden has carried out member's wishes with capability over the last few years. Unfortunately, due to her husband's ill health she has had to terminate this work. Our sincere thanks and best wishes go to Linda and her husband. Have we anyone willing to take over this work? A small sum per visit is usually paid to cover expenses. Please contact me.

During some recent recording I came across the following marriage which may be of interest to members with Richmond connections. It took place at Aysgarth, Yks, by Lic, on 29 Nov 1763, between Jane Hogg of Thoralby and Bernard Metcalfe of Richmond - who must surely be the one who became Deputy Registrar of Richmond and who died in Calcutta in 1820.

M27 Mrs Shirley Walls, Bryn Hyfryd, Moel y Crio, Halkyn, Near Mold, Clwyd, CH8 8JN sends in this suggestion: She has a full set of Mecca News' and is willing to let LOCAL members borrow them. Shirley does not want to use the postal service in case they get lost or damaged but welcomes personal callers by arrangement. Shirley wonders whether other members, in other areas, might be willing to do the same. In this instance write to the Editor and get your name and address published. Thank you for the idea Shirley.

I should like to place on record our thanks, once again, to Mary Metcalfe who has helped us with some more artwork - this time for the new Will booklet and she has also adapted her previous work for the new publicity posters and leaflets...thank you Mary.

Our next committee meeting will be on 21st September, if you have anything you would like us to discuss, let me know.

Thank you all for your kind enquiries, our grand-daughter Hannah Elisabeth made her belated (by 16 days) appearance, in perfect style, on 21st April, weighing in at 101bs 2ozs - all goes very well.

We extend a warm welcome to all our new members - may you all stay with us for many years and reap numerous benefits as you go along.

Best wishes to you all,

MECCA MUSTER **** SATURDAY 12th OCTOBER 1991

We have a surprising number of 'goodies' for you all this year. At the Sales counter you will find :=

Society Badges: Will Booklets No:1, No:2 and NEW this year No:3 which holds all those held at the Borthwick Institute in York, those held in Durham and those held in Cornwall: Crests/Coats of Arms/Nappa Hall pictures, framed and unframed: Birth Brief Booklet, revised 1991 issue Index to Lists, revised 1991 issue: Federation of FHS - selection of their Guides: Mecca News, copies of old issues: Record Sheets.

etc: etc: etc: etc:

The Computer Index and the Spouse Index will also be available for your perusal.

The newly formed Society Library will be on show, see elsewhere for all the details. The College is providing three extremely interesting 'treats'. One is a display called 'Yorkshire Image' - photographs of Yorkshire and it's people. Second is an offer you'll find too good to miss! Bring along your precious old family photographs and have special negatives made and/or prints...at a fraction of normal commercial prices. The cost of a medium format archival negative will be circa £2 and the prints circa £1.50 for 6" x 8" size. Have your photographs ready to hand in as you arrive and the negative and prints could be ready before you leave - or they can be posted on to you. No need to part with the originals. Thirdly, we shall be able to use their Library between 9AM and 1PM - genealogical aids from local sources are amongst the wealth of available material.

Tourist leaflets on nearby attractions will be on hand for those friends and relatives who have come along for the ride but have no wish to stay for our meeting.

We do try to cater to your every need !

 $\frac{\text{NOW}}{\text{been}}$ will you do the same for our Secretary? Once again bookings have $\frac{\text{been}}{\text{been}}$ very slow to come in. We truly need to pass the 80 mark to break even financially, this is because of the increase in VAT and also because we decided to hold charges to the low 1990 rate to help attendance.

In May the post office in the North East were talking STRIKE talk. If this ever happens Nina will be left in isolated ignorance of your wishes. (In case it ever does come about - please telephone her with your reservations, payment can be taken on the day).

YOUR RESERVATIONS FOR 1991 ARE NOW URGENTLY REQUESTED - VERY LAST DAY FOR RECEIPT IS 7th SEPTEMBER.

A booking form is at the end of this Mecca News. We look forward to a SUPER day meeting new and old friends. Do join us.

PRECIS of the Metcalfe Society Committee Meeting held at Thornton in Craven on Saturday 20th April 1991. 10am to 4pm.

Apologies for absence received from Helen Offer, President. All other committee members attended.

Registration to Data Protection Act and Charity Status have been received. Re-printing of old issues of the Mecca News was approved.

Charges for queries to the Computer Index were discussed in length and it was decided that Members should have two free searches per annum in return for SAE/IRCs and that printouts should be charged at 10p per A4 page. Non-members to pay £10 per search and 50p per page.

Secretary reported new members for 1990 totalled 46 but we had lost 43 (as at 20th Apl). She again made a plea for extra help and hoped that every committee member would take on responsibility for a particular task. Overseas members to be allowed to pay in their own currency provided an additional £3 sterling was paid to cover exchange charges. Treasurer reported a healthy total of £4100, it was remembered that any new computer would need to paid for. Editor reported that he may soon have sufficient material to produce a triple size Mecca News and he was given permission to proceed. It was decided that to avoid the Christmas mail, the December Mecca News would not be despatched until 2nd Jan, this, it was hoped, would also help remind members to send off their subscriptions by 31st January.

Computer - CSM proposed that The Society purchase a new IBM PS2 model 30 plus printer with 24 PIN, cost to the Society circa £1400. Seconded by Carol Arkwright, approved unanimously. Sec: to be given tuition.

AGM/Muster - Stewards needed to arrive by 8.15am New publications etc to be ready for sale if at all possible. 80+ members attending would be required before we would break even, due to the VAT increase. Covenant forms to be ready to go out with the August Mecca News.

Helen Offer, who retires as President at the AGM, proposed John Holden as her successor, NEB seconded - approved. Further nominations should be invited. New Library/Publications/Sales dept to be run by Carol Arkwright. Denny Gibson to run Publicity Dept and be Minutes Secretary. Diane Howarth, though helping with practically everything, hoped to have the Scrap Book ready by the Muster.

Suggestions were made that we try to arrange a Spring 1992 meeting in the area south-west of Birmingham and that we attend the 1992 or 1993 AGM of the Guild of One Name Studies (GOONS)...both were approved. The costs involved in joining the Federation were to be worked out and the Sec: given permission to persue as she saw fit. 1881 Census Project - members to be invited to extract all Metcalfe references and a Questionaire to be attached to the 1991 subscription slip to determine how many members would help and which areas they could cover.

1991 SUBSCRIPTIONS

The following members are now considered to have left the Society.

3.	104.	116.	117.	149.	243.	260.	282.	295.	298.	318.
----	------	------	------	------	------	------	------	------	------	------

325. 330. 332. 342. 348. 349. 350. 352. 357. 371. 376.

380. 383. 398. 402. 403. 407. 415. 416. 432. 435. 436.

453. THIS TOTALS 34 LEFT.

To attempt to cater for those members who find it too far to travel up to Ripon for the AGM/Muster we should like to hold a Muster only, in the vicinity south west of Birmingham. We need someone living in this area who would make ALL the necessary arrangements, a volunteer would be preferred but I do have a list of those members living in the approximate area - so be warned!!

Facilities needed (though not necessarily in order of priority) :-

1) Easy to find.

- 2) Plenty of parking space.
- 3) Seating for ? your guess is as good as mine say 30 to 80.
- 4) Computer tables, power points/ Sales tables.
- 5) Reasonably priced, good, food.
- 6) ? overnight accomodation.

Could be a Saturday or a Sunday - ? March/April/May.

Contact me ASAP or even sooner! We must get a move on.

1881 CENSUS RETURN - NATIONAL PROJECT.

As the collection and transcribing of the above returns continue apace, it has been suggested that we attempt to record all Metcalf(e)s on these as they are either printed or produced on microfiche.

We shall be sending out a Questionaire with the 1992 subscription slip asking many pertinent questions - on this subject and others - also we will give you the opportunity to air your views on general matters.

Think about it until then and be ready to tell us which area you will be willing to check over and record.

AGM NOMINATIONS FOR OFFICERS & COMMITTEE.

Elsewhere you will read official notices regarding our AGM but can we remind you that nominations should be received by the Secretary prior to the meeting.

Helen Offer who has been our President for the last 3 year term stands down this year. We sincerely hope she will continue to give us the benefit of her wisdom and experience for many years.

Helen has proposed John Holden for our next President, this was seconded by Nina Benson and approved by the committee. However it is open to any member to propose another candidate if they so wish and have the nominee's consent. Pames should be sent in as soon as possible.

As stated previously it helps spread the work load if all committee members are willing to be responsible for particular tasks and we would be delighted to hear from you if you'd like to help in any department. One 'vacant' area is in PRINTING. Our booklets are being produced faster than ever before, have we anyone willing to search out reasonably priced printers and to do the legwork required - delivering and collecting? Previously we have found the University departments produce excellent, unexpensive, results. Any takers? Please contact the secretary.

LIBRARY AND SALES

Library

Rather a grand name for our small collection but 'from little acorns...'

We regret that at present we cannot offer this service to our overseas members however, we have plans in progress to set up a restricted service by December - watch this space.

Borrowing Books: Books may be borrowed by post or may be ordered for collection at Society meetings, in either case please quote the full title. If the book which you require is already out on loan, your request will be dealt with as soon as it becomes available.

Returning Books: There is no fixed borrowing period but members are requested to return them as soon as possible, certainly within 6 weeks.

Postage: Members borrowing by post are asked to pay postage both ways, plus a contribution of 20p towards packing costs. When returning books simply enclose, inside the package, stamps to the value of 20p MORE than those on the package when received by you. e.g if the outward package carried stamps to the total of 54p, you should enclose 74p in stamps as well as pay for the return postage.

CURRENT LIBRARY CATALOGUE

Title.

Medecalf Book by Thomas Metcalfe. Copies donated by Eunice Metcalfe M197 by Wilfred Medcalf M417 by John H.Metcalfe M194

The White Horses by Halliwell Sutcliffe. Donated by Mrs P. Kirkwood M465

The Dalesmen of the Mississippi River by and donated by David Morris.

The Pratt-Metcalfe Story by Leonard W. Pratt, donated by Denny Gibson M303.

Family History Books - leaflet by Institute of Heraldic & Genealogical Studies.

Nappa Hall - copy of an article from the Dalesman magazine of Nov 1947, by W.L. Christie and reproduced with permission of Dalesman.

We sincerely thank all our donors and would welcome additional material in the way of books, booklets, magazines or articles of special Metcalfe flavour and also anything you may have that has a more general interest. One idea has just come in - that we begin a collection of Church guides. Anyone have any other suggestions?

Sales AS FROM 1st NOVEMBER 1991

This section will not be fully operational until after the AGM/Muster in October when many of our publications will be transferred to Carol. Please give her the benefit of a couple of weeks to get it all sorted out before you send in any requests. Full details will be published in the December Mecca News.

FOR ALL LIBRARY AND SALES TRANSACTIONS PLEASE CONTACT MRS CAROL ARKWRIGHT whose address appears on the back page.

COMPUTER NOTES

As you will read elsewhere we now have the '88 IGI data available on floppy discs for computer searches. With our own index on hard disc being updated bit by bit as time allows, we have decided to archive the old card index until your committee finds the courage to dispose of it totally!

Certain items will be kept for general interest; for instance the first card reads 'The Metcalfe Index compiled by Dorothy Helen Offer commenced December 1980' and a little later is a record of the very first query from a member - Mrs G Herring - for information about the marriage of Isabella to Henry Shepherd c1828.

I wonder if President Helen Offer would have persisted in 1981 if she had known that 10 years later she would be one of the few entering data into a computer?

It is still the 'few' as there has been a nil response to the last request for help in entering new data. We require volunteers to have an IBM compatible PC and persistence! Where are they?

Queries are still flowing in and I attempt to answer them in a timely manner unless golf or holidays call. A stamped addressed envelope and membersship are currently all that is required.

We are hoping, as last time, to be able to set up five or six computers at the Muster in Ripon, to allow those present to search for items on both our Index and the '88 IGI - hopefully all computers will have operators in attendance for most of the day and printouts of data found will be available on the spot.

See you there,

Charles Metcalfe

PUBLICITY

Last October I found myself unexpectedly a member of the 'Mecca' committee; by April I found myself graduating to 'Publicity Officer'.

I have always maintained that since the days of the 'Black Knight of Nappa' no other member of the clan has done more to put the name of Metcalfe on the map than Nina Benson! I had to wonder what might be expected of me!!

As a one-name society we must have one of the largest memberships, but we are part of one of the most enormous families. There must be thousands who bear the name, or are of Metcalfe descent, who are totally unaware of our existence. With this in mind I set out - like an old time Evangelist - to spread the word!

Initially we decided to do a re-vamp of the Society's standard notice. At Nina's request Mary Metcalfe rapidly produced a simple but eye-catching poster. Nina made several copies on dayglow type paper of verdant green. In addition a larger number were reproduced in black and white - not as noticeable but cheaper to produce - plus a large number of membership application forms to put in strategic places.

I despatched at least three of the more sombre black and white notices to every incumbent in Wensleydale, with a covering note asking if they would be willing to display them in a convenient place within the churches of their parish. I also mentioned that members of family history societies are usually encouraged to find out as much information as possible in local archives and libraries and only to bother the vicar of the parish of their interest as a last resort, if he still holds the registers they need to see. I hope that this might make the above clergyment more amenable, as I do know many dislike family historians appearing unannounced on the vicarage doorstep - particularly on a Sunday! I targetted Hawes as a 'hot spot' of the Metcalfe clan and deposited coloured posters (plus black and white leaflets) at Hawes Folk Museum, Tourist Information Office, Ropeworks (open to visitors) and Kit Calvert's Bookshop, plus of course the vicar. I feel that by now Hawes should have got the 'Mecca Message'. Added to this two of the larger hotels in the vicinity agreed to display a notice each.

Other Tourist Offices to receive our literature were Bedale, Richmond, Northallerton, Leyburn, Scotch Corner, and Aysgarth Falls plus some of the main hotels in Richmond, Reeth, Low Row and Askrigg. I have also left copies of our new, green notices in Richmond, Northallerton and York Reference Libraries.

Nina had already sent out notices to all main C.R.O.'s and Reference Libraries nationwide last year. Member Val Hepworth wrote suggesting notices at the three libraries she uses in the Birmingham area; now dispatched. Val also gave the addresses of four Birmingham newspapers. The latter are less likely to give free publicity, preferring pre-paid advertisements. However, if any newspaper is willing to do a feature on the Society's aims and achievements it would be an excellent boost to our image. I do know Nina is hopeful of organising a 'get-together' for members in the Birmingham area and, if it materialises, I feel it could be an advantageous move to contact the papers concerned to see if any are interested in covering the event.

With newspapers in mind I dropped a line to the Northern Echo, an exceptionally well read daily paper here in the North East. They now produce a weekly supplement called 'Echoes' and I suggested to the Editor of the latter that many people could be interested to read about our Society, which has its roots sp firmly in the area. (Watch out Nina - a cameraman may want to snap you at your keyboard!)

Overseas - I was already in correspondence with the Secretary of the Genealogical Society of Tasmania about a totaly different topic, but with my last letter I enclosed a Metcalfe notice with a request that she might display it in their library, which I believe is open daily. I also sent two posters each to three family history societies in Iowa and Wisconsin. The reason

being that a multitude of leadminers and labourers left the Western Dales of Yorkshire to find work in the leadmines of that part of mid-West America in the last century. I have no doubt that a great number of them had Metcalfe blood in their veins.

At this time I am running out of leaflets and notices of both colours, but have letters and envelopes ready addressed to the clergymen of Swaledale. As soon as I have the literature they will be the next to be initiated! A slight holdup has been obtaining the bright, mid-green copying paper for the more eyecatching notices. We deliberately avoided the psychedelic pink, orange or yellow but felt that black print on a verdant green background attracts attention without appearing too garish.

The main purpose behind this campaign has been the hope of catching the eye of expatriate Metcalfe descendants possibly visiting this area during the summer months and hopefully to recruit a few local Metcalfes still living on their native soil. They could be a great asset to the society as most of them will know the dales area like the back of their hands and may well be able to enlighten more far flung members as to the whereabouts of outlying farms etc. from which their ancestors migrated.

Whether the exercise will bear fruit remains to be seen. When I pass our literature on to all these people they are under no obligation to display it hopefully most of them will, but inevitably some will be consigned to the waste bin. If it does not increase our membership we will know not to repeat it next year. In which case, we will have to think of alternative methods - suggestions from other members will always be welcome!

NEW INFORMATION AVAILABLE TO MEMBERS

IGI RECORDS FOR 1988

Some of you have searched the International Genealogical Index (IGI) during your research. These are also sometimes known as the Mormon records. We now have a complete listing of all Metcalfes (including different spellings of course) in Great Britain from the latest IGI records dated 1988.

Even If you have already searched the IGI records released for 1988 on microfiche you will need to check our records as more information has been included on this listing.

So, from today, whenever you send a research request to Charles, he will now search both our own Metcalfe Society records and the IGI 12988 records for you.

Many thanks to Susan Liptak, Canada, for providing the database and to Diane Howarth for making it into an alphabetical listing.

WILLS BOOKLET NO 3

The Wills Booklet No 3 will be available at the Mecca Muster at a cost of £2. Also, from that time, you will be able to receive the booklet by post by sending £2 plus an A5 sized SAE (stamps to the value of 35p) or IRCs to Carol Arkwright.

INDEX TO LISTS

The Index to Lists is currently being updated and VERSION 2 will be available at the Mecca Muster at a cost of £2.50. Also from that time the Index will be available by post by sending £2.50 plus an A4 sized SAE (stamps to the value of 55p) or IRCs to Carol Arkwright. For those of you who have already bought the original Index to Lists, we are offering a "new for old" replacement. Just bring your old Index to Lists to the Muster and we will replace it for you free of charge. Alternatively, send the original to Carol, and she will replace it free of charge, but don't forget to include the A4 sized envelope.

INFORMATION FOR THE GENERAL INDEX

The blank form "Information for the General Index" was included in the April issue of the Mecca News. Most of you do not have access to a photocopier to copy this form as many times as you require to submit information to the General Index. Even if you do, we realise how expensive this can be to you. Therefore, if you cannot submit the information on the form please just send the information that you have on a piece of paper, but in the order that it appears on the form. This helps the people who have volunteered to enter the information on the computer and ensures that nothing is missed. Many thanks for your help, and to those who have already used the form.

BIRTH BRIEFS BOOKLET

We hope to have this bookiet ready by the time of the Muster. It will give you a complete set of birth briefs of all members.

METCALFE FORTUNES UNDER RICHARD III

Up until the second half of the fifteenth century the Metcalfes of Nappa were a family of only modest fortune. They owe their spectacular rise at this time to their connections with Richard, Duke of Gloucester, later to become king as Richard III.

By the end of the 1400's the Metcalfes had firmly established themselves as the third most important family in Wensleydale, trailing only to the Scrope Lords of Castle Bolton and the Conyers of Hornby.

No fewer than nine members of the family seem to have been retained by Richard Neville, Earl of Warwick, in the 1460's, mainly as reeves, parkers, and foresters on his estates. Thomas Metcalfe (died c.1504) was probably one of them. We know that he entered Gloucester's service in 1471 at a fee of £6 13s 4d and he may well have been a member of his ducal council as well as holding offices within the lordship of Middleham. He is almost certainly the same Thomas who became a retainer of Thomas Makenfield on August 20th the same year at a cost of 40 shillings with his brother Brian who was retained on October 6th for 100 shillings.

Following Gloucester's seizure of the throne (in which he was materially aided by many of the Metcalfe family) Thomas enjoyed spectacular advancement when he was appointed Chancellor of the Duchy of Lancaster for life along with a substantial salary. He also received the manor of Wimington in Northamptonshire with a value of over £6 a year, as well as sharing a grant of 500 marks a year, derived from temporalities of the bishopric of Ely, with the King's secretary John Kendal.

Thomas' brother Miles, a trained lawyer, was retained as Warwick's Attorney-General in 1465 (at a fee of £6 13s 4d) and passed into Gloucester's employ in the 1470's when he became a member of Richard's council and served as Deputy Steward of

the northern parts of the Duchy of Lancaster. Miles was probably also one of the Justices for the Assize of the northern circuit, and he was elected Recorder of York in 1477. The following year he sat in Parliament as one of the city's MPs and we know he was re-elected in December 1482.

After the murder of Richard III at Bosworth Field, Miles continued as Recorder of York, much to the annoyance of Henry VII as he had been an ardent supporter of the previous King. On October 2nd 1485 Henry wrote to York saying that:

"Miles Metcalfe...hath done much against us which disables him to exercise things of authority."

He wanted the people of York to replace him with a Richard Grene but he was not able to enforce his will until Miles died in March 1486, stubborn to the last!

Brian Metcalfe, brother of Thomas and Miles, was himself retained by Warwick and Gloucester in December 1484 and received an annuity of 10 marks a year for his position as 'the king's servant'. Even more worthy of note is Thomas' son and heir James Metcalfe (died 1539), who in July 1483 was granted the office of Coroner of Marshalsea of the King's Household as well as obtaining land in North Yorkshire for his good service in England and Scotland.

The Metcalfe family was not to be as important under Henry VII and the Tudor dynasty, but continued to grow substantially in numbers, if not in status, down the years, as we all know!

THE SHADE OF SCOTS MARY

Extracted from 'Ghosts of the North Country'..Jack Hallam

From Rosemary Metcalfe

While Mary Stuart, Queen of the Scots, was six months a prisoner in Bolton Castle, she saw some of the captivating beauty of Wensleydale on a brief visit to Nappa Hall, which was then the battlemented home of the Metcalfes. Although her stay was not much more than a day or two, it was sufficient to make a ghostly mark on the fifteenth century house, or so we must believe, judging by these notes written by a Victorian guest staying there in 1878.

He wrote:

"Thinking it was the farmer's wife I ran after her and was about to touch her when she turned around and I saw her face. It was very lovely. Her dress seemed to be made of black velvet.

After looking at me for a moment she went on, disappearing through a door leading to the winding stone staircase in the angle turret of the west tower. Her face, figure and general appearance reminded me of the portraits of Mary, Queen of Scots."

One is left wondering about another ghostly lady of Wensleydale at neighbouring Countersett Hall, near Semerwater. Could she too claim royal patronage, since Scots Mary may in her travels have slept in almost as many strange beds as Cousin Bess.

(Editor; a delightful little story, Rosemary, and thank you for sending it. However, the existence of ghosts apart, I seem to remember reading that it is most unlikely that Mary, Queen of Scots, ever stayed at Nappa Hall. Nevertheless I like to think that our ancestors at Nappa would have come into contact with her at some time during her imprisonment. Perhaps one of our readers can throw light on this possibility?)

Photograph from "The Old Hand-Knitters of the Dales by Marie Hartley and Joan Ingliby.

It shows Betty and Kit Metcalfe outside their cottage door in Gayle (near Hawes in Wensleydale) knitting cycling steckings with fancy tops, at the turn of the century. Hand-knitting was a thriving industry in the upper dales a hundred years ago. Men and women could be seen going about their daily tasks and knitting at the same time. The book, published by Dalesman Press gives a fascinating insight into life in Upper Wensleydale and Dentdale (where, of course the Metcalfes were very thick on the ground)a hundred years ago.

The Metcalfe Missing Millions - the final chapter

On the next page can be seen copies of two replies received by Mrs K.Black ,(mem no 209) in 1929 and later in 1952 following her researches. Thanks to her niece Muriel Halfpenny (mem no 208) for sending them.

The News of the World letter in particular appears to finally lay the matter to rest.

ear Madam,

A report appeared in our issue of Dec. 29, 1929 (now out of print) headed "Phantom Millions, Story of Metcalfe Fortune Exploded at Last."

The substance of this report is that an investigating committee that had been appointed to inquire into this supposed fortune, after exhaustive inquiries and the examination of all evidence garnered from all parts of the country and abroad had come to the conclusion that no such fortune had ever existed either in Chancery, in any Bank, or anywhere else.

It was further believed that an organthe purpose of circulating false stories of these mythical estates, deriving an income from those inagining they may have 'aution, with headquarters in U.S.A. and some claim.

Mr Stuart Metcalfe 31 Blake Hall Drive Mirfield WEST YORKSHIRE WF14 9NL

Dear Stuart,

I have enclosed some material which you may wish to use in "Mecca News" at some time in the future.

I have transcribed this document from a photocopy I have of a diary which my great grandfather kept on his voyage to Australia in 1853. I'm not sure who has the original document but I have lodged a copy with the Genealogical Society of Victoria and propose to do the same with the State Library of Victoria and the Royal Historical Society of Victoria (which has another diary from the same voyage).

As you can see, it is well written and captures much of the drama of shipboard life and the anxiety of the emmigrant, together with well observed descriptions of the environment. I do not know any details of Joseph Cameron Metcalfe's education but it must have been significant for those times. He was described as an "Oil and Colourman" aged 26 on the passenger list, but he also was a "shopman" at other times.

He travelled with his new wife, Anne (Deeks) who was pregnant, his aunt 'Kate' or Christiana Smith (aged 63), and his step father Henry Cameron, a 52 year old bookseller. The 'James L. Bogart' was new (1851), and large (1,200 tons) - the largest ship built in the shipyards of Bath, Maine (USA) to that time. It later left Melbourne for Bombay and may have had a change of name and owners. I am still trying to find out the details.

Joseph, Anne and Henry Cameron arrived at the Castlemaine goldfields about 1856-7 after three years in Melbourne. He set himself up as a painter and glazier. After raising eight children, Joseph and Anne ended their days sharing a pauper's grave in Campbell's Creek, Castlemaine. It makes a sad contrast with the lively expectations in this diary.

When you are finished with it, could you please pass this copy on to the relevant record keeper for the Society. I hope it gives you something suitable for publication.

Yours sincerely,

Bernard C. Melcolfe (Marnher Nº 221)
The attached sheets give you a his more detail on the arrival/family life of this Melcalfe family.

PERSONAL DIARIES FOR THE **ARCHIVES**?

The preceding article is one of three which I have received in the Mecca News, there would be little room for anything else.! their very nature they are rather long and. were I to include them will continue to hold a copy of them for my files in the hope that recently, and fascinating reading they make. Unfortunately, by there will be space in the future but, in the meantime I shall pass the first copies to our new librarian, Carol Arkwright.

available to all members. In the meantime please don't stop Perhaps a future project would be to collect personal reminiscences of this sort and bind them in a booklet to be sending them! I'll try to find space if at all possible. The copies which I shall pass on to Carol as well as this one are;

sent by his grand-daughter Alison Hutton (thank you also for Henry Metcalfs diary of his voyage to New Zealand 1911, kindly your lovely letter, Ed.)

This article describes the early life of a Methodist preacher in rural Lincolnshire in the mid-nineteenth century. Contributed by Rev Joseph Metcalf "The History of my Life" written about 1883. Dr Carol Metcalf mem no 262 of South Africa
